Kemper Jr, James D.

From: Kemper Jr, James D.
Sent: Tuesday, October 04, 2005 10:21 AM
To: Andrus, Charlie Paul
Cc: Chwalibog, Andrew J.; Gitlow, William H.
Subject: Taking cases off the master docket--Daugherty's decisions on the record

As I discussed with you yesterday, I have a court remand on a case ([REDACTED]) which was decided by me on June 27, 2003 and in an earlier decision by Judge Paris on June 28 2002. Claimant alleged the same onset date in both filings (September 12, 2000). Thereafter, Daugherty takes the record off the master docket and issues a fully favorable decision on April 11, 2004, with the original onset date of September 12, 2000. He completely ignored both Judge Paris' decision and mine, making no reference to either in the decision. This makes it particularly difficult to now decide the case on remand. I have spoken to Judges Chwalibog and Gitlow about this. Judge Chwalibog believes that a similar situation happened with one of his cases.

You stated that you would discuss this matter with him to the extent that he should at least check to see if there have been any prior applications and decisions made on a particular case. It seems to me when you have a remote onset date as here, a red flag would have been raised that yes, there may very well have been such a prior application and decision on the case.

Thanks for the heads up. I shall call Bluegrass to try to get an appointment with [REDACTED]

Amazing how it takes a ***** ALJ in an office to make the numbers each month. We have Judge Daugherty here who scans the master docket each month, pays 90+% and gets out 80 to 100 cases each month. So we make our numbers each month. Without him we would not. Ever.

Congratulations on becoming grandparents. I agree that it is a wonderful situation. Our daughter maintains that it is the reward for never having killed her during adolescence.

What exactly is [REDACTED] doing in [REDACTED] - is she an ADA or AUSA? Does your son continue with [REDACTED] (do I have the right company)? I see that he still is in [REDACTED]

[REDACTED] continues to run her own company, a one person [REDACTED] ([REDACTED] LLC) with independent contracts with 2 hospitals (one in-patient, one home health), two nursing homes and one school system (two elementary schools). It continues to be a blessing for her - no boss to tell her how much to get out in what amount of time, so she does whatever it takes to do the job right. Sometimes it is feast or famine, but overall it is terrific for her.

The kids are fine - thanks for asking. [REDACTED] continues out of [REDACTED] as operations and sales manager of a five store cellular sales region in eastern [REDACTED] (Verizon Wireless). We drive down there to visit about every 2 months. [REDACTED] just graduated from her M.A. in counseling from [REDACTED]. She is working as a counselor for [REDACTED] as a [REDACTED] at the regional high school [REDACTED]. The grandkids are [REDACTED] and [REDACTED] and doing fine - and as you can imagine a real pleasure.

What are your plans? Are you going to keep working indefinitely? Do you continue to feel well s/p neck and back surgery? Will you guys stay in Lexington? [REDACTED] and I have talked some about retirement. Tentatively we are figuring on about another 5 years. That would make me [REDACTED] and [REDACTED]. Obviously, however, that is always so health dependent. I suspect that [REDACTED] will be gone from [REDACTED] at that time (she wants to go to [REDACTED] to be near her brother), so we may follow them down there after our retirement.

[REDACTED] and I were in Lexington very briefly (for a couple of hours) to see a hand doctor for [REDACTED] at [REDACTED] a couple of months ago. We drove past your development and could not believe the difference from when we were all looking at building houses out there. That area is so busy and fully developed now! It has everything at your fingertips, although the feel of the place is so very different. How do you feel about what has happened?

Good to hear from you.

Bill

Subject: FW: Changing judge assignments for Eric Conn cases and Bill Redd cases.

From: Andrus, Charlie Paul

Date: 7/31/2006 10:58:12 AM

To: #PH WV ODAR Huntington All

Message Body

> All,
>
> As you know, we have a large amount of cases from Eric Conn's office and Bill Redd's office. The only way that we can fairly handle these cases is by strict rotation. If we don't assign these cases in rotation we leave ourselves open to charges of favoritism, judge shopping, as well as complaints from the lawyers that they only see "certain judges and not others". These allegations have been raised in the past and we have been able to show that the cases for these lawyers are divided equally among all the ALJs.
>
> In addition, I want to remind everyone of the policy we have followed for several years that these cases are NOT to be reassigned to another judge for any reason other than a judge leaving the office or recusal and then they are to be assigned out in strict rotation. I must personally approve any exception to this rule. In addition, The Case Intake Specialists and anyone else adding cases are to assign these cases to the next ALJ in rotation immediately when they are entered onto our system.
>
> Social Security pays these lawyers a lot of money in fees each year due to the size of their caseload (into seven figures). The only way we can refute unfounded allegations of improper assignment of cases to generate more fees for the lawyer is to follow a strict rotation and a "no change" policy.
>
> If any one has any questions about this they can see me.
>
> Judge Andrus

It has come to my attention the Eric Conn electronic cases are not being equally divided among those judges who have been trained on the electronic files. In fact, as you are now aware, DBD has, on his own initiative, elected to go in and assign himself SEVERAL electronic cases, all of which are Eric Conn cases. I guess this answers my question to you as to why group B was getting all these E. Conn electronic cases to close.

Greg, as I continue to argue the point of all the work that group B does that consistently goes unnoticed, or shall I say not acknowledged. We are constantly be reminded by Arthur of how much more Group A works up. And here we are now working up cases for their group and our group is repetitively closing a numerous amount of cases over and above group A's closings. We have consistently sat back and watched all of group A get awards. (except for the last award period).

If these electronic cases were being assigned out for workup, then Andrus and Chwalibog would also be putting out decisions on electronic files. Also, it would only make since to train the remaining ALJ's on the electronic files. This way, it would put a stop to Eric Conn calling DBD and giving him a list of his electronic cases, knowing that the other judges are not holding hearings. How else would DBD have knowledge of Conn's pending electronic cases?

Greg, all of this is not going unnoticed. People on the floor are beginning to talk and if not taken care of, this could escalate into a bigger problem.

Greg, I did not realize that Group A does not do Edits and closings for the 20 cases they have of Tinsleys. They also do not do the Pre and Post. What is the justification on this procedure? Also, please let me know as to what your findings are on the Request for Hearing dates on DBD's schedules. Particularly Conn cases. This month DBD has closed 29 electronic cases. 29 of these are Eric Conn cases. Why? We have other representatives which have electronic cases with this office. The word favoritism comes to mind. This is clearly favoritism. More so than what you brought up about Donna. Why is this "swept" under the rug, but the mere fact that Donna recommended Conn and OTHER reps to a claimant was such a "big deal". I have been unable to find anything which states what she did was wrong. She said she also gave the claimant's other reps names in addition to Conns name. But as I discussed with you, It is a known fact that Conn goes around telling his claimant's that he can get their case heard faster than any other attorney in his area. It has come to my attention there has been a bar complaint filed by some attorneys in Pburg against Conn. I am in the process of obtaining a copy. Is our office involved in this complaint?

Greg, all of the above has been the subject of "office chatter" for some time. This is not anything new. It just seems that "some issues" are being ignored and others are not. I clearly got aggravated when you mentioned the word "favoritism". Just knowing what goes on in this office. The Eric Conn situation is going to bite this office in the butt one day. All I ask is that you open your eyes and try to change the way his cases are handled before it does become an issue outside of this office.

9/18

On the week of 8/30/07, I found 2 Efiles that I had pencil-scheduled from a July Judge Gitlow-assigned list, that had been put in Judge Daugherty's name on 8/20/07. The two files were [REDACTED] and [REDACTED]. I told Judge Andrus about them and showed them to him at my desk. Judge Andrus said that he knew how that happened and told me to tell Kathie Goforth about it. Kathie had left for the day. Later, Greg asked me to come into his office. He talked about this incident and he tried to make out like it was a Master Docket Clerk error. Greg strongly inferred it to be Jennifer's error. At first, it looked like it had been unassigned and that Judge Daugherty had went into the system and picked it out to be one of his cases. After a while, we both noticed that it wasn't a Master Docket Clerk error, it had been assigned to Judge Gitlow since February 2007 and Judge Daugherty had switched it to his own case on 8/20/07. Greg told me to not tell anyone about this and to ask Judge Gitlow if he had looked the cases over yet and if not, to reschedule 2 others in place of them.

I went directly into Judge Gitlow's office and asked him if he had looked these two files over. He said no. I said well, good, because I need to switch them out. He asked why. I told him what had happened. He copied down my information of the two files, copied the listing that I had been working from and acted like it wasn't a big deal.

Later, Greg called me back into his office and told me that Judge Gitlow had went to Judge Andrus with this matter and was very upset about it. He again told me not to tell anyone about it.

Later that week, the Union Representative, Sarah Randolph, was having a meeting with Management concerning Union issues. She addressed this incident with Management. After that, Greg again called me into his office. As he was at my desk to ask me to come into his office, Arthur Weathersby was going into Greg's office. So when we entered Greg's office, I was taken aback because Arthur was standing there. Arthur was at the fax machine. Greg acted like it wasn't nothing for Arthur to be there. Greg told me that he knew that I had told Sarah about this incident and that he didn't want me to tell anyone else about this incident. He said that he didn't want it to get back to Judge Daugherty before Judge Andrus had a chance to look into the matter. Greg said explicitly for me not to tell anyone else about it.

Subject: Reassigned Cases

On Tuesday, 8/28/07 Donna came to me with my pencil schedule for October Prestonsburg, saying that she wanted to know if I had already prepped two cases. I had not yet done so. She explained that while those cases were assigned to me in the system, they had now been changed from being in my name to being in Judge Daugherty's name. I had no knowledge of this. As such Donna needed to cancel those two hearings and find two different cases for me.

I then went to Chief Judge Andrus to explain what had happened. Since they were e files, they were not papered and as such did not have a folder with my initials on it in the master docket drawer. I asked Judge Andrus if Judge Daugherty would know that these had been assigned to me. His response was that it would depend upon where Judge Daugherty had looked. I explained that I was concerned that our office remain above reproach. He led me to believe that he would take care of this problem.

I am aware that while I was out of the office Judge Daugherty felt it necessary to take some more cases that were assigned to another Judge and place them in his name. I am aware that it was brought to your attention and you tried to blame me. I do not appreciate this.

DBD does many things like this every month. When I find them I make management aware of it. Nothing is ever done about it. Somehow it always ends up being the fault of the Master Docket clerks. We cannot control him or anything he does.

Further, yes I have threatened to quit before, when you were being unreasonable and unwilling to listen. We have had our differences and generally you have been a person that I as well as others could trust. This time, your failure to deal with the issues brought to your attention leaves me no choice. I am not threatening now, I have applied to return to school, and for 7 positions outside of the federal government.

I will no longer allow the stress of this office to negatively affect my health till it kills me. The situations in this office are the direct cause of the excessive increase in my blood pressure. My doctor's advice is to leave this place before it kills me.

You once told me that you should work to live not live to work, this environment is just not worth it.

Subject: RE: MDKT CASES

Greg, after long thought on this situation I just have one question. You said "47 days from the time case is received until docketing is completed is not acceptable". The policy our office follows on Eric Conn cases is to strictly use a rotational system as to evenly distribute his cases. To my knowledge, I do not know of an exception to that rule/policy as to any time limits on docketing. There are SEVERAL things that DBD is doing that are "not acceptable", however, management chooses to turn its head in order to achieve our numbers. Is it acceptable for what DBD is doing? You try to shift the blame when it comes to this situation, however, what DBD is unacceptable.

From: Hall, Gregory ODAR Huntington HO
Sent: Wednesday, October 24, 2007 10:44 AM
To: Randolph, Sarah
Subject: RE: MDKT CASES

Sarah, the case of [REDACTED] [REDACTED] [REDACTED] was received on September 6, 2007. Jennifer did not docket the case until 9-28-07 which is 22 days after the case receipt date. She charged this to Judge Daugherty on 9-28-07 and when it appeared on his list he took possession of the case. Furthermore, Jennifer docketed the case on September 28, 2007, but waited until October 23, 2007 to run the notices and complete the docketing. The case was here from September 6 until October 23, 2007 (a total of 47 days) before Jennifer attempted to complete the docketing. The case was charged to Judge Daugherty, he picked it up from CPMS, and began processing on it. 47 days from the time case is received until docketing is completed is not acceptable.

Subject: RE: MDKT CASES

Greg, This continues to be a problem and management has been notified on NUMEROUS occasions. My main concern is the cases he is assigning himself out of rotation. This exhibits favoritism towards E. Conn and puts this office in the same scenario as the Atlanta office which we spoke about a couple of months ago. This issue is also interfering with our master docket clerks and our CTs. I am voicing my concerns again as I have spoke with our union president who recommends that I file a union management grievance since the practice is continuing and has been for the last several years. Please let me know when you will be available for yet another discussion regarding this matter.

Subject: MDKT CASES

[REDACTED]

The above named case, was removed from my name and initials before I had completed all of the mdkt functions on it. I assigned the case to judge Daugherty as a part of the regular rotation but I still had it in mdkt to complete the letters, generate barcodes, and screen. When I went to try and run the barcode it had disappeared from my list of cases.

Homeland Security & Governmental Affairs
Committee
EXHIBIT #27

[REDACTED]

I am tired of him doing this to the master docket and no one doing or saying anything about it. Yes in this instance the case was assigned to him, but it happens frequently with cases that are and are not assigned to him. He is granting cases before we can even get them docketed properly. Had I not looked I could have sent the master docket letter out on this AFTER THEY GOT A FAVORABLE DECISION.

Message Body	
<p>I found out yesterday, 4/28/11, that some cases assigned to me in 12/10 had been reassigned by Judge Daugherty to himself in 1/11. This is the third such incident to which I was aware, with the first in 8/07 and the second in 12/09. In the first instance I went to my HOCALJ; those contemporaneous notes are set forth. The second time I went to Judge Chwalibog (AJC) to discuss this and whether I should go directly to the RCALJ. AJC suggested that I give the HOCALJ another opportunity to end this reassignment. I followed his suggestion and went to the HOCALJ a second time. I told the HOCALJ at that time that if it happened again I would be forced to go higher up. Now I have been put in a position where I am faced with knowledge of this a third time. Obviously I am inclined to go directly to the RCALJ. However, I first sought guidance from other experienced ALJs, so I asked AJC and Judge Buel to meet with me. We met on Friday at 2pm, 4/29/11. After I set forth all the facts, they were in agreement that I should go a third time to the HOCALJ, but this time with them as well. I was reluctant to do so, as I felt that if I did not do something further that I would be viewed as somehow complicit or condoning such activity. However, both Judges were in agreement that if the three of us met with the HOCALJ together that such action would be an appropriate step up on my part. As such, the three of us met with the HOCALJ and explained that Judge Daugherty had for the third time been reassigning my cases over to him. Judge Andrus assured me that he would (a) put the instruction to Daugherty in writing this time rather than orally; and (b) take this matter to the RCALJ, Judge Bede, on Monday.</p> <p>Unfortunately, what I have seen post meeting is a generic message to all the office reminding everyone of the HOCALJ policy on case reassignments. If this is all that the HOCALJ meant by putting the instruction to Daugherty in writing, I feel that I have been misguided. However, I made my decision (not to go directly to RCALJ) and I now feel bound and constrained to stand by it.</p>

Subject: Reassignment of cases between judges

I want to remind everyone of my long-standing directive about re-assigning cases between

judges. Once a case is assigned to a judge, that case is to stay with that judge unless I find a specific reason to reassign the case, such as recusal. Therefore, NO ONE should reassign a case from one judge to another without clearing it through their supervisor who will clear it through me. Judges should come directly to me. We will continue our long standing policy of assigning Eric Conn's cases immediately upon receipt, by strict rotation, to all judges except Judge Meade. Once Judge Meade starts hearing cases in Prestonsburg, we will assign to him also.

If a case is unassigned, then it can be assigned to a judge without going through the above process. If a staff member has any questions about this procedure please see your supervisor. If the judges have any questions please see me.

Hearing Office Director

Subject: Case assignment and other important Reminders

Under the direction of the Hearing Office Chief Judge the following actions will be implemented immediately:

- The Group Supervisors and I are delegated the authority to assign cases to judges. As outlined in the E-Business Process, CIT's will only assign exception cases to judges (the exceptions are cases that are Remands and cases that are Critical cases). No one else is to assign cases. No other employees, including judges, are authorized to assign cases.
- Judges who wish to review cases for possible OTR requests will e-mail the Hearing Office Chief Judge the request and the number of cases they desire. The Hearing Office Chief Judge will forward the request to the appropriate Group Supervisor who will first pull a list of high profile cases from the judge's existing docket, and a limited number of unassigned cases with high profiles if needed. They will further follow the procedure in the E-Business Process for coding and return the cases to UNWK if not granted.
- Cases are to be assigned to judges when the supervisor assigns the cases to WKUP and will be by rotation using the oldest request for hearing date. No case will be assigned as it arrives in the office except for those cases meeting the exception criteria as outlined within the E-Business Process (Remands and Critical Cases).
- Cases will be pulled according to the E-Business Process.

Subject: Hearing Schedules

Dear Judges,

I want to remind you all again that you need to clear any changes to the hearing schedule with me before hearing days are canceled. I found out that many times hearings which cannot be set one month are set for a month or even two months ahead. Therefore, if we cancel a week that has a hearing reporter and VE (currently through March) we can cause a lot of extra work. This can be avoided by clearing these changes through me or Harriette. We may be able to find another judge to cover those dates. I would also like to remind you that when dates are cancelled as opposed to being covered by another judge, the hearing reporter and the VE have committed time to us that is lost.

By a copy of this message, I am asking that Greg and Kathy instruct the scheduling clerks to check with me before canceling a hearing date. This way we have another chance of covering a date rather than losing it.

I appreciate your help in this area. We are still short staffed and if we can save the scheduling clerk extra work it will make that difficult job less difficult.

Judge Andrus

Refer to:

Date: December 2, 2002
To: Associate Commissioner
Thru: Acting Chief Judge
From: Regional Chief Judge
OHA – Region III – Philadelphia, PA
Subject: Official Letter of Reprimand for Judge Daugherty

The purpose of this memorandum is to request that an official letter of reprimand be issued to Judge David Daugherty, an administrative law judge in the Huntington (West Virginia) Hearing Office. I spoke with you about this matter when you visited Philadelphia. On September 5, 2002, I was advised by Hearing Office Chief Judge Charlie Andrus that Judge David Daugherty had cancelled a scheduled hearing trip and instead decided to issue favorable on-the-record decisions in 30 of the 35 cases. Judge Daugherty stated that he took this action to help the office attain numerical goals. In fact, he used annual leave on two of the days on which the hearings had been scheduled.

I am most concerned about the conduct of Judge David Daugherty and feel that a letter of reprimand is warranted. When a case is scheduled for hearing, there is an understanding that a hearing is needed in order to resolve the matter. To state that 30 hearings were cancelled and 30 on-the-record decisions issued to help the agency meet performance goals suggests possible impropriety and flawed decisions. I believe that the actions taken by Judge David Daugherty justify the issuance of a letter of reprimand. For your convenience a draft letter has been prepared and is enclosed along with the relevant background information.

If you have any questions, or would like to discuss this matter further please let me know. The staff contact is Regional Attorney Gregory Hamel, who can be reached on 215-597-4111.

Homeland Security & Governmental Affairs
Committee
EXHIBIT #35

PSI-SSA-96D2-003703

Date: [INSERT DATE], 2002

To: David Daugherty
Administrative Law Judge
Office of Hearings and Appeals
Huntington, West Virginia

From: Associate Commissioner
Office of Hearings and Appeals
Falls Church, Virginia

Subject: Official Reprimand

I am officially reprimanding you because of conduct unbecoming an administrative law judge, namely, your abrupt cancellation of hearings scheduled in Prestonsburg, Kentucky during the period September 23-25, 2002.

You scheduled 35 cases for hearing during this three- day period, 18 cases on September 23, 13 on the 24th, and 4 on September 25. On September 8, 2002, you notified Hearing Office Chief Judge Charlie Andrus that you had cancelled all hearings scheduled during these days and planned to issue favorable on-the-record decisions in 30 of them. You indicated that this action was taken "In an effort to contribute as many decisions as possible toward this month's goals." You later took annual leave on September 24th and September 25th.

When cases are scheduled for hearing by an administrative law judge, much time and effort is expended by the office staff. Moreover, claimants' representatives and expert witnesses set their schedules and set aside time to attend the hearing. Most importantly, the claimants are put on notice that a hearing will be needed to resolve their claims. When hearings in nearly an entire docket of cases are abruptly cancelled, for reasons related to personal convenience or to help satisfy numerical goals, the integrity of our system of claims adjudication is cast in doubt.

The principal purpose of scheduling a hearing is to afford the claimant an opportunity to be heard and to review the evidence and cross-examine witnesses. This is an important and solemn event, and no hearing should be scheduled if it is unnecessary. The act of scheduling a case for hearing evinces a belief that the documentary record is not sufficient to decide the case, and that oral testimony is needed. Therefore, no hearing should be cancelled without a compelling reason. Moreover, as in this case, the sudden and wholesale cancellation of nearly an entire docket of cases suggests that the hearings were cancelled without individualized attention the cases deserve. What makes your actions even more egregious is that they were motivated by personal interest as well as by your stated desire to promote office productivity. This behavior cannot be tolerated.

As an administrative law judge, you hold a high position in our Federal service and are held to the highest of ethical standards. Your flagrant abuse of the hearing scheduling process is not worthy of the high position of trust which you hold. In order for the agency to meet its

obligations, it is essential that all judges discharge their duties in a manner consistent with the high degree of responsibility, trust, and integrity required of administrative law judges. Therefore, a reprimand is fully warranted and necessary to deter future misconduct and promote the efficiency of the Federal service.

A copy of this reprimand will be placed in your Official Personnel Folder (OPF) and your SF-7B Extension File for a period not to exceed one year. Be advised, however, that future acts of misconduct could lead to more serious forms of disciplinary action.

You may grieve this action in accordance with the provisions of Article 10 of the Agreement between the Social Security Administration, Office of Hearings and Appeals and the Association of Administrative Law Judges. If you choose to do so, you must, within 35 workdays of receipt of this notice, present your grievance in writing to me. You also have the right to a union representative to assist you in preparing and presenting any such grievance.

If you believe this action is based on discrimination because of your race, color, religion, sex, national origin, physical or mental handicap, or age, you have the right to file a complaint through the agency's Equal Employment Opportunity (EEO) procedure. To initiate this process you must contact an EEO counselor within 45 calendar days of the date you receive this reprimand. If you wish to know the name of an EEO counselor, you must contact Agnes P. Sampson, Civil Rights and Equal Opportunity (CREO) Manager, on 215-597-1694. You may have an attorney or other representative assist you in filing a discrimination complaint.

You have the option of filing a grievance under the negotiated grievance procedure or a formal complaint of discrimination with the agency, but not both. You should consider the Employee Assistance Program (EAP) as a possible resource for assistance in resolving any personal problems which may be adversely affecting you. The toll-free telephone number is 1-800-222-0364.

If you have any questions regarding the reasons for this action, please contact me. If you have any questions regarding your rights or the procedures involved, please contact Howard Goldberg, Employee Relations Specialist, Social Security Administration, Center for Human Resources, P.O. Box 8788, Philadelphia, PA 19101. Mr. Goldberg's telephone number is 215-597-7856.

DATE: April 24, 2003

MEMORANDUM TO: Charlie Paul Andrus
Hearing Office Chief Judge

FROM: Regional Chief Judge
OHA - Region III -- Philadelphia

SUBJECT: Inquiry Regarding Cancellation of Hearings by
Administrative Law Judge David Daugherty

Judge Daugherty scheduled 35 cases for hearing during the three-day period September 23-25. Judge Daugherty later informed you that he had cancelled all hearings scheduled during these days and planned to issue favorable on-the-record decisions in 30 of them. He added that this action was taken "In an effort to contribute as many decisions as possible toward this month's goals." I understand that he later took annual leave on September 24th and September 25th.

Deputy Chief Judge Bisantz has directed me to conduct a bias and unfair hearing inquiry on this matter. Under the procedures issued by the Associate Commissioner on January 15, 1993 and modified on April 30, 1997, the initial inquiry involves soliciting relevant comments and information from the administrative law judge who is the subject of the complaint. Because this investigation could result in disciplinary action, you must be sure to provide Judge Daugherty with appropriate Weingarten rights as provided by the AALJ contract. Under Section 4 of Article 5 of the contract, the union must be given an opportunity to be present at any examination of a Judge in connection with an investigation, if the Judge reasonably believes that the examination may result in disciplinary action against the Judge and the Judge requests representation.

Please initiate investigation of this matter by obtaining comments from Judge Daugherty and by reviewing the written materials that have already been procured in this matter. Judge Daugherty should be asked why he canceled the hearings, and subsequent questioning should focus on whether he was trying to increase his dispositions or whether he had a public service motive. Secondly, he should be asked whether he has previously cancelled a large number of hearings and issued on-the-record decisions; and, if so, he should be asked to give some specifics about when, how many cases, and why were they cancelled.

Homeland Security & Governmental Affairs
Committee
EXHIBIT #37

PSI-SSA-96D2-004021

Upon completion of your investigation, prepare a report detailing your findings. **Please submit this report within 14 days from the date of this request.** The staff contact is [REDACTED] who may be reached at [REDACTED]. For your convenience I have appended Judge Bisantz' memorandum and other written materials on the matter.

Why does Andrus keep bringing up stuff on Daugherty and never follow through on any of it. I am getting tired of him.

Dear Judge Cristaudo,

As you requested I spoke with Judge Daugherty about the docket of hearings he canceled in September 2002. He related that the then Group Supervisor, Kathleen DeWeese, requested him to help get out cases before the end of the year by reviewing cases for OTR. Judge Daugherty said that he reviewed the cases scheduled in Prestonsburg as requested by Ms. DeWeese. Evidently Mr. Conn (who represented nearly all of the claimants) had sent in reports of consultative examinations he had obtained on the cases that were allowed in mid-September. This left Judge Daugherty with only four or five cases which were rescheduled as he no longer had enough cases to justify a travel docket and they could be rescheduled with three to four weeks. He had planned to go on vacation the last week of the month after he had done his hearings in Prestonsburg. At some point in time he changed the plans to leave earlier as he no longer had hearings.

Mr. Conn does send many of his clients to physicians who, while not "bought sources", are more "liberal" in their assessments--as would be expected of an effective advocate. I have no hard evidence to support this, but I

think that either Judge Daugherty or Kathleen DeWeese called him and let him know that if he got the reports in early, the cases would be done OTR. If you wish, I can ask Mr. Conn (who I believe will give me a straight answer). I did not want to take this outside SSA without your knowledge.

I also spoke to Judge Daugherty about any prior cancellations of hearings. There was only one other incident and that was about one and a half years ago. We were having difficulty getting enough cases pulled due to HPI changes and we were giving very short notice. Judge Daugherty postponed one set of Prestonsburg hearings to allow us to give a longer notice time for the hearings. He then reviewed cases on master docket for OTR to insure that he had production that month. He related that this would give the lawyers in Prestonsburg enough time to prepare for the hearings as he does not like to use post-hearing development if it can at all be avoided. He related that the attorneys now have enough advance time to get the evidence he needs to decide the cases as soon as the hearing is over in almost all cases. Given his allowance rates, I am sure that the reps are trying to get the information in before the hearing. I believe that he was trying to improve the disposition process and was trying to hold down the number of cases he had in POST.

If there is any further information you need. Please let me know. I will await further instructions before doing anything else on this.

Eric,

I am in the Charlotte airport. Imet [REDACTED] and made sure she sent the letter--glad it came.

Your case proposals are fine. We can discuss any dismissals or OTRs you may wish. I have written the other OTRs and signed most of them.

See you next week.

Judge Andrus

Subject: Debriefing from Eric C. Conn

Dear Chief Judge,

Your call was really appreciated. We have received the letter from the electronic folder access system people. Further, pursuant to that letter we have contacted the responsible person and our appointment is at 10:30 a.m. on the 19th.

I am personally going on the 18th and staying at a hotel within walking distance of the site. Also, my employee [REDACTED] will be going with me. We are going on the 18th as we do not want anything to go wrong. We are returning on the 19th late as the entire procedure only requires 30 minutes.

Grover, remarkably, flew to Las Vegas. Grover has asked me to cover two hearings he has with you on the 10th of this month (this coming Tuesday) as he will be in Vegas. The hearings are for [REDACTED] which starts at 9:00 a.m. and a [REDACTED] at 11:00 a.m. on the same date. I have Judge Buel scheduled from 9:00 a.m. to 1:30 on the same date. My thinking is to have John Earl cover the Judge Buel cases that take place during the two hearings with you as I want to cover the hearings with you myself. Hope this is acceptable. If not,

Homeland Security & Governmental Affairs
Committee

EXHIBIT #42

let me know and I will adjust per your instructions.

We have two possible dismissals that I would like to discuss with you when you have the time to do so.

Looking forward to hearing from you,

Eric
